

RAYNSFORD ACADEMY

TECH CHALLENGE 2015

How many of these challenges can you complete in order to raise the profile of technology in your classroom?

- Open a twitter account and follow other teachers/educational experts for tips and advice (e.g. @alanpeat, @BoydTheTeacher, @ICTMagic, @learningspy)
- Read an educational blog (e.g. Mr P's ICT, Teacher Toolkit, ICT Evangelist)
- Share something you have done in school on the schools twitter feed/ Facebook page
- Create a video with your class
- Write a line of code
- Share an app you have used with a colleague or online
- Attend some tech training
- Use tech to teach something new to your class (or enhance it!)
- Add a video/music to a PowerPoint presentation
- Use a QR code in a lesson or homework
- Use augmented reality (e.g. Aurasma) to add the WOW factor to a lesson
- Get your children to show you how to do something on an iPad/ computer
- Try a SOLE Lesson!
- Start your own blog!

Most of all, have fun, take risks and ask if you are stuck!
